Verse 1:

**Standing there, arms outstretched
Boldly proclaiming deliverance from the Lord
Being still in the heat of it all
Staying in touch with the Lord
Encourager, faithful friend
Leading on in the light**

Chorus:

**The glory comes when his faithful servants obey
When we give up ourselves and humbly walk in His way
Thru mercy God moves obedient hearts He can use
Moving His body by faith into light**

Verse 2:

**Hanging there, arms outstretched
Knowing it was for this time He had come
Painfully bearing the sin of the world
Feeling it pierce His own soul
Interceding for me, with His Father above
Bringing me freedom to live**

Verse 3:

**Kneeling there, arms outstretched
Faithfully giving up hour of rest
Bearing the weight of the burdens of friends
Lifting our needs to the Father with love
They feel our pain, strongholds claim
By faith they move mountains with prayer**
