Verse 1

**Have you seen a desert? Hot and barren and dry
Lonely sad and empty why does life feel this way?
The desert is a good place to listen for the Lord
God will be there to meet you be willing to hear His voice**

Chorus

**Oh not every desert is failure Not every valley brings pain
It's in the dry and the lone times we learn to be thankful for rain
God's comfort comes as blessing for those who trust His will
Joy and blessing come in the hard times when we trust God and be still**

Verse 2

**Are you in a desert with confusion doubt or fear?
Are you hurting from some trial know that God is near
Freedom comes with forgiveness the burdens too heavy to bear
The desert isn't like pictures refreshment hides in despair**

Chorus

Verse 3

**Remember Lord your great mercy Remember Lord your great love
Show me your ways Lord Guide me in your truth
My eyes are ever on you Lord keep my feet true to you
In the desert you will guide me living water refreshing my soul**

Chorus
